

Our Vision

To create a safe home and transform the landscape of social care services by becoming the beacon of excellence. Where every child is cherished, every healing journey is celebrated and the essence of childhood is restored through therapeutic and trauma informed practices.

Our Values and Aims

Empowerment

We encourage young people to develop skills and abilities to become active, confident members of their communities.

Person-Centred Care

We ensure that young people are at the heart of all the planning and development, supporting them in making informed choices.

Family and Community Engagement

We engage with families, friends, and advocates to support young people in developing and maintaining meaningful relationships.

Positive Risk-Taking

We encourage young people to participate in positive risk-taking, fostering their roles, responsibilities and confidence in daily life.

Independence

We enable young people to optimize their independence, preparing them for a successful transition into adulthood.

These values and aims reflect our commitment to creating a nurturing, empowering environment where every child can thrive, in alignment with the priorities of our stakeholders in social care.

Greenfields

Pathway to a brighter future

Our Ethos

In our homes we aspire to develop:

- Ambitious and capable young people
-
- Healthy and confident young people
-
- Ethically informed young people who will have a positive contribution to their community
-
- Individuality, independence and support our children to have the best quality of life.

Our Vision

To create a safe home and transform the landscape of social care services by becoming the beacon of excellence.

Greenfields

Pathway to a brighter future

Greenfields

Pathway to a brighter future

Our Mission Statement

Greenfields exists to create a safe nurturing and empowering environment where children and young people can heal, grow and thrive. By implementing our **STEP** Therapeutic Framework™ and SSRR is the model, we stabilise, strengthening and transition to guide each individual towards positive personal progression and valued roles in society, ensuring they build confidence, independence and a renewed sense of self worth. This commitment to excellence is why commissioners and local authorities trust us to make a lasting impact.
