

## Week Beginning: Monday 11th May 2026

🌸 This week at Greenfields we are celebrating learning, community and resilience across our school.

- **Nurses Week (UK-wide):**  
This week we recognise and celebrate nurses across the UK, thanking them for the care, dedication and compassion they show to individuals, families and communities every day.
- **Year 11 Exams:**  
Our Year 11 pupils remain very busy with their examinations. We are incredibly proud of the focus, determination and resilience they continue to show, and staff are providing calm, consistent support throughout this important period.

### 🌍 Local & Community History Month

As part of Local & Community History Month, pupils have been exploring places of local significance and learning more about the history of our area.

- Last week, pupils enjoyed a visit to Tredegar House, where they explored local heritage and reflected on how historical places shape our community and sense of belonging.

- Friday 22nd May, pupils will visit GreenMeadow Driving Range, a long-standing local venue that has been part of the community since its opening many years ago. This visit continues our focus on local history through real-life, experiential learning.

### ☕ Coffee Afternoon – Families Welcome

This Friday, we warmly invite parents and carers to our Coffee Afternoon, which will celebrate:

- International Day of Families
- Pupils' achievements and progress so far this year

This will be a relaxed opportunity to come together, recognise the efforts of our pupils, and celebrate our school community.

### 📌 Key Dates

- This Friday – Coffee Afternoon with parents and carers
- Friday 22nd May – Visit to GreenMeadow Driving Range (Local History Month)

Thank you, as always, for your continued support. Please contact the school if you have any questions or would like further information.

Warm regards,  
Greenfields School
